

Test - 2

PHYSICAL Connection

1. Types of mediums?

1) wired

* Copper

2) wireless

* Radio Frequency

* Fiber optical

2. Write down Switch 8 Pins?

1 +R

2 -R

3 +T

4 +V

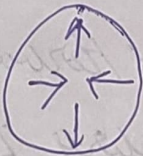

5 -V

6 -T

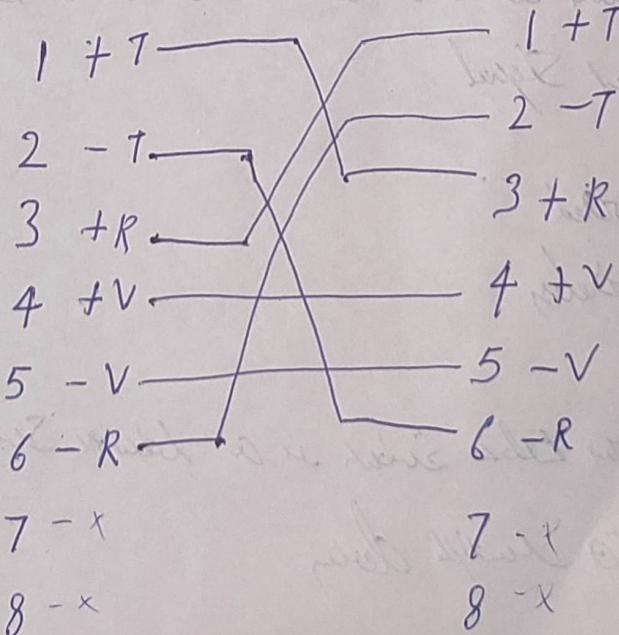

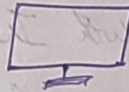

7 X

8 X

3. Connect up cable b/w two devices

Same function

4 Explain Auto MDIX?

It is Networking Function that automatically detects the type (Cross Cable / Straight Cable), It swaps the pins to make the connection work

* It is built right on the NIC (Network Interface Card)

5) POE Injector:

POE Injector is a network device that supplies both power and data to connected device (e.g. cameras) via Ethernet Cable

7) Explain type of NIC & Function

NIC - Network Interface Card, Piece of Hardware that acts as bridge between device or network controller Binary signal to Electrical signal

Type: * Wired

+ Wireless

6) POE Switch

POE or POE+ Ethernet Switch is a Network Switch (hub)

It supplies power to multiple devices
